EXPERIENCE

IT Vission, Shahra-e-faisal — Web developer

2015-2016

I gain too much knowledge there. I started my career and move from web designer to web developer. I start php in this firm.

PAK IT SOLUTION, Shahra-e-faisal — Senior Web developer

2018 - 2018 (7 Months)

Here i am providing my skills and knowledge to other junior developers. And grewing my skills through working on more complex projects with me team.

Mohammad Ali Jinnah University Web Developer (as intern)

2018 - 2017 (6 months)

I was a web developer there. I was working there as an inter now the question arises why i am working there as inter after working in 2 more companies as web developer ? so the answer is at the same time I was also the student of bscs of this university, according to their rules they cannot hire student for senior positions but my skills inspire them and so they hire me as an intern.

EDUCATION
